Subject: Questions regarding standard form 95

Good afternoon,

Per the request of Sarah Jacobson from La Plata County, I am submitting various questions on behalf of the Economic-Business Impact Group formed in response to the recent events with the Animas River.

The questions are as follows:

- 1) Can Standard Form 95 be utilized for more than personal property damage? The prime example would be economic damages and hardships caused by the current situation. Affected businesses should include retail, tourism, agriculture just to name a few.
- 2) Can Standard Form 95 be utilized to reimburse employees for wage loss or operational shut down?
- 3) Can Standard Form 95 be applied for more than just once?
- 4) Does Standard Form 95 apply for agriculture and agricultural yields?

Thanks,

Ariel Ziv Wishkovsky
